SCIENCE FOR SUSTAINABILITY

**K. Anoopkumar**
B. Sc (Ag) APMP, IIMC Kolkatta
Director, Sales & Marketing

Indus Crop Care Pvt. Ltd. is a renowned agri-input company with a proven track record of over 15 years in the agricultural industry. Our expertise spans across Organic Fertilizers, Water-Soluble Fertilizers, Plant Micronutrients, Biofertilizers, Crop Protection Chemicals, Biopesticides, and Biostimulants, empowering farmers to optimize yields, reduce costs, and improve livelihoods.

With a strong network of distributors, retailers, and long-standing farmer relationships, we have established ourselves as a trusted partner for agricultural professionals. Our commitment to innovation, quality, and customer satisfaction drives our mission to enhance agricultural productivity and sustainability.

We have made significant investments in Research and Development, collaborating with experts and institutions to remain at the forefront of agricultural technology. Looking ahead, we are dedicated to addressing the complex challenges facing agriculture-from climate change to food security.

Our goal is to create a lasting positive impact on the lives of farmers, rural communities, and the environment, while contributing to a more sustainable and resilient agricultural sector.

# INDUS

SCIENCE FOR SUSTAINABILITY

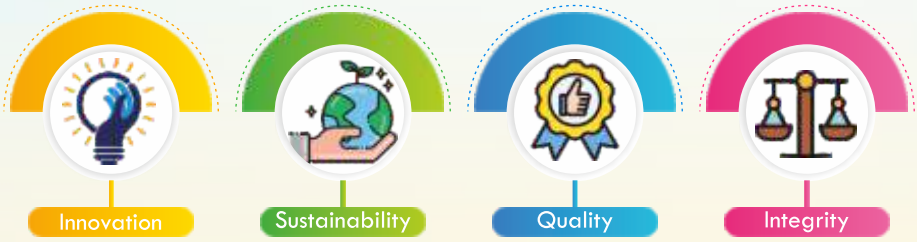

## VISION

To empower farmers with innovative, high-quality, and sustainable agri-input solutions.We are committed to enhancing agricultural productivity, improving farmer incomes, and promoting environmentally responsible farming practices.

## MISSION

- EMPOWERING FARMERS.. Enhance Agriculture Production and Sustainability.
- INNOVATION FOR GROWTH.. Develop cutting-edge solutions for farming challenges.
- SUSTAINABLE AGRICULTURE.. Promote eco-friendly practices and reduce environmental impact.

## CORE OBJECTIVES
